STAT

It was a pleasure to receive your letter and to know that you are getting along so well after your cruise on the Missouri. I hope that you finish your law course without any great difficulty and that things will work out for you just as you wish.

At the present time I do not know whether there is a place in the Central Intelligence Group for you or not, but I shall pass your letter and your application around to see what can be done. If there is nothing open now, you might submit another application in the early part of next year.

With very best wishes, please believe me,

Sincerely,
